Haunted/Hidden History Tour: The group also discussed the haunted history tour from years past and decided to pass on that for this year.

Christmas Event: The group discussed the plans for upcoming Christmas event, Burton Christmas Village. Several people expressed their opinions that the amount of work for the return was not conducive to continuing the event as it has. Options were discussed. Everyone agreed that it might be time to try something different and to consider splitting the event into two separate events. A progressive dinner with a few homes was discussed as an option. Keeping the Christmas market as a separate event was decided as a good idea. Several individuals expressed interest in being part of a committee to continue plans for both events in December and to continue the discussion at the next meeting.

Texas Ranger Day: The group discussed the possible date of Sat. March 21 for Texas Ranger Day and agreed on that date.
